

The New Teacher Assist Workshop

Agenda

While the agenda will be incorporated into the workshop days, teachers will have the flexibility to share individual problems which will be addressed by the presenter.

Classroom Management Teachers will learn how to:

- address disruptive behavior.
- use seating arrangements for effective discussion, group activities, independent work and whole class instruction.
- use daily participation grades to hold students accountable and keep students on task.
- use rubrics to hold students accountable and achieve desired results.
- maximize class time.
- communicate with parents to form home-school partnerships.
- use team building in class.
- address different learning styles.

Academic Success During the workshop, with guidance, teachers will:

- unpack the NJSLA ELA standards and apply them to course content.
- learn how to construct effective lesson plans.
- learn how to plan and implement group activities in class – making group work, work.
- learn how to prepare students for the NJSLA to ensure high scores.
